INTERNATIONAL AFFILIATIONS:

With the immense success and popularity of the Quarry Directory Malaysia 2020, we are now introducing yet another issue of the **Quarry Directory Malaysia 2021**, a publication generic to the mainstream activities and development of the quarry industries in Malaysia.

The edition of the Quarry Directory Malaysia contains fully updated information on operational quarries in Malaysia. The location maps of all quarries in Malaysia published in the Directory are being supplied courtesy of the Department of Minerals and Geoscience Malaysia.

A great deal of effort is being put into the compilation of this Directory so that the publication remains the definitive reference source for the quarrying industry in Malaysia. Please treasure it!

New features include the bold yet pleasing design for the front cover, attractive and impressive formats for advertisement spaces in full colour or black and white. Your corporate image will be greatly enhanced here as it serves as a bridge linking to the end users.

This Directory will also serve as an immediate reference and convenient daily buying guide throughout the year for all potential industrial buyers.
