**INSTITUTE OF QUARRYING MALAYSIA BHD**

INTERNATIONAL AFFILIATIONS:

Introducing the **NEW EDITION**

## QUARRIES & MINES DIRECTORY MALAYSIA 2026

*Your Definitive Resource for the Quarrying and Mining Industries in Malaysia*

The highly acclaimed 'Quarry Directory Malaysia' is acknowledged as the de-facto invaluable international professional resource reference for all directly and indirectly contributing towards the successful progress of this important mineral-centred economic sector. IQM's globally renowned 'Quarry Directory Malaysia' has pro-actively contributed steadfastly towards world class quarrying excellence since its initial publication 30 years ago in 1995. For the past 3 decades, 'Quarry Directory Malaysia' has diligently been upgraded annually to better serve all the respective Government agencies, equipment manufacturers, aspiring investors, academia and relevant industrial sectors worldwide.

Lately, IQM received special requests from Malaysia's mining industry and our mining colleagues to specially help to professionally promote them at the international, regional and national-level. Based on these special requests IQM specially embarked on this noble project to upgrade the already globally established resource reference, 'Quarry Directory - Malaysia'; to 'Quarries & Mines Directory - Malaysia'.

Building on the success and popularity of the **Quarry Directory Malaysia 2025**, we are proud to present the **2026 edition** - now expanded to cover both the **quarrying and mining industries** across Malaysia.
